

## LEED v3: Overview of LEED Changes

Lunch Meeting - Thursday, February 18 at Center for Architecture

## **LEED v3: Overview of LEED Changes**

**Thursday, February 18, 2010**

*A IES Philadelphia Lunch and Learn Seminar*

Our speaker, Kristie Kozenewski, LEED AP and Green Advantage Certified, will provide an overview of LEED changes. Her presentation deals with more than just the LEED rating system. It clarifies the difference between LEED v3 and LEED 2009 and gives an overview of the major changes to the LEED rating system. It also involves changes to the certification process and the new requirements for LEED AP credentialing.

### **About the Speaker:**

Kristie Kozenewski, LEED AP and Green Advantage Certified, is the Chair of the Metro Philadelphia Educational Programs Committee of DVGBC. She is also Sustainability Manager at W.S. Cumby, a construction management and general contracting firm. Kristie has worked in the design and construction industry for over 15 years. She has extensive experience working on LEED projects, including the Kappen Aquatic Center at Overbrook School for the Blind, the first LEED-NC Platinum project in Pennsylvania. Kristie has led multiple green building tours, is a Green Advantage instructor, and has facilitated several study groups for those preparing to take the LEED AP exam.
